PROFESSIONAL EXPERIENCE

LF GLOBAL TECH

Jun 2025 - Jun 2026

- Developed scalable web applications with React.js, Next.js, and Micro Frontend architecture, reducing deployment dependencies across 5+ feature modules
- Built and maintained Admin Dashboard systems used by 100+ internal users for transaction management, reporting, and operational monitoring
- Integrated 20+ RESTful APIs and payment gateways, supporting thousands of daily transactions with stable data synchronization
- Improved application performance by reducing page load time by 30% and minimizing unnecessary re-renders through memoization and code splitting
- Refactored reusable components and frontend architecture, reducing duplicated code by 40% and accelerating feature development
- Collaborated with Product, Design, QA, and Backend teams to deliver 30+ product features across multiple releases
- Participated in code reviews and troubleshooting, reducing production issues and improving release stability

MONSTARLAB

Feb 2022 - Apr 2025

- Developed reusable React.js components and responsive user interfaces from Figma designs
- Integrated 10+ RESTful APIs and implemented complex business workflows
- Standardized shared components and hooks, improving code maintainability and development speed
- Optimized application performance through lazy loading, code splitting, and rendering enhancements
- Ensured cross-browser compatibility and responsive user experiences across devices
- Collaborated with cross-functional teams to deliver product features in Agile environments
- Participated in code reviews, debugging, and production support activities

EDUCATION

Duy Tan University, Vietnam

GPA: 3.4/4 - Good graduation
Aug 2018 - Sep 2022

SKILLS

- Frontend: React.js, Next.js, Vue.js, TypeScript, JavaScript, HTML5, CSS3, Ant Design
- Architecture & State Management: Micro Frontend, SPA, SSR, Redux, Context API
- API Integration: RESTful APIs, Authentication & Authorization
- Performance Optimization: Code Splitting, Lazy Loading, Memoization
- Backend & Database: Node.js, NestJS (Basic), MySQL, SQL
- Tools & Methodologies**:** Git, CI/CD, Agile/Scrum

KEY ACHIEVEMENTS

- Best Performance Award 2023 – Outstanding contribution to project delivery
- Employee of the Month – Recognized for consistent high performance
- Technical Excellence Recognition – Improved frontend architecture, code quality

CERTIFICATIONS

Professional Scrum Master I (PSM I) - 2023
